ANC-4010 & ANC-4010B ACOUSTICAL CEILING TILES

ANC-Ceiling tiles are offered as both a sound absorbing as well as a combination sound absorbing/sound blocking tile.

ANC-4010 Ceiling Tiles have a black matte facing attached to a 1" or 2" thick rigid fiberglass board and have excellent sound absorption (NRC) ratings.

ANC-4010B Ceiling Tiles take the standard C-400 tile and add a 1# per square foot foil backed vinyl noise to the backside of the tile for high sound absorption (NRC) and high sound blocking (STC) requirements.
